HR and Employee Management Software for Employment Services

HR and Employee Management delivers full HR management features for Employment Services providers.

The Employee Management Module for escrm delivers the ability to record personnel details and keep track of employee reviews, skills benchmarking and analysis, training development plans, performance plans and with built in reminders for reviews and appraisals.

Features include:

- Provides complete management of all personnel records
- Allows the creation of a number of personnel reference documents including:
 - ⇒ Job Description
 - ⇒ Manager's Report
 - ⇒ Salary Review
 - ⇒ Salary Packaging
 - ⇒ Staff Skills
 - ⇒ Development Plans
 - ⇒ Development Objectives
 - ⇒ Performance Plans
 - ⇒ Objectives and Reviews
 - ⇒ Curriculum Vitae
- Unique workflow capabilities include the creation and management of leave applications
- Designed as a Custom Entity for 'escrm'
- Fully customisable
- Manage template documents for letters and CVs
- Track all correspondence between the company and employees
- Automatic update of leave Into Outlook Calendars
- Empowers staff with a single, mobile point of information entry and access, workflow, and collaboration
- Intuitive to use and integrated seamlessly with Microsoft Outlook
- Customizable reports utilizing Microsoft Reporting Services

As Employment Services providers have the same common challenges as any other active business, ensure you achieve maximum value from your employment services software.

The HR and Employee Management module is a secure, scalable, affordable, and user-friendly solution that's part of the escrm Business Management Suite.
